

## Intro to running

This 10-week program is carefully designed to take someone from "I'm new to running" or "I haven't ran since high-school!" to running a 10-kilometer distance continuously. You will notice the training volume is based in time to accommodate different ability levels and progression.

### Run : Walk ratios

(I.e. (4:1) x 4 = 20 means run for 4 minutes, walk for 1 minute and repeat four times for a total of 20 minutes.
